WARD 2 FIRE DISTRICT

Pioneer, Louisiana

Notes to the Financial Statements For the Year Ended December 31, 1998

This legal entity was established to provide fire protection for the political subdivision of Ward 2 in the parish of West Carroll. This entity operates independent of any other parish governing body, but functions under guidelines set forth by the West Carroll Parish Police Jury. All members of the board serve with no compensation.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. BASIS OF PRESENTATION

The accompanying general purpose financial statements of the Ward 2 Fire District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the West Carroll Parish Police Jury is the financial reporting entity for West Carroll Parish. The financial reporting entity consist of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the West Carroll Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the police jury to impose its will on that organization and/or

WARD 2 FIRE DISTRICT

Pioneer, Louisiana

Notes to the Financial Statements

For the Year Ended December 31, 1998

- b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizatons for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature of significance of the relationship.

Because the Ward 2 Fire District is fiscally dependent on the police jury, the district was determined to be a component unit of the West Carroll Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. FUND ACCOUNTING

The district uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recored in the funds because they do not directly affect net expendable available financial resources.

Funds of the district are classified as governmental funds. Governmental funds account for the district's general activities, including the collection and disbursement

WARD 2 FIRE DISTRICT

Pioneer, Louisiana

Notes to the Financial Statements For the Year Ended December 31, 1998

of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term debt. Governmental funds of the district include:

1. General Fund – the general operating fund of the district and accounts for all financial resources, except those required to be accounted for in other funds.

D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by the governmental funds. The governmental funds use the following practices in recording revenues and expenditures:

Revenues:

All revenues are recorded when received.

Expenditures:

Expenditures are generally recognizable under the modified accrual basis of accounting, when the liability is incurred.

E. BUDGETARY PRACTICES:

The Ward 2 Fire District did adopt a budget for the year 1998.

F. CASH AND CASH EQUIVALENTS:

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those

Pioneer, Louisiana

Notes to the Financial Statements For the Year Ended December 31, 1998

investments with original maturities of 90 days or less. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Under state law, the district may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days; however, if the original maturities are 90 days or less, they are classified as cash equivalents. Investments are stated at cost.

G. FIXED ASSETS

Fixed assets are recorded as expenditures at the time purchased or constructed, and the related assets are reported in the general fixed assets account group. No depreciation has been provided on general fixed assets. All fixed assets are valued at historical cost.

H. COMPENSATED ABSENCES

The district has no paid employees therefore there is no policy relating to vacation and sick leave.

I. FUND EQUITY

Reserves

Reserves represent those portions of fund equity not appropriable for expenditures or legally segregated for a specific future use.

Designated Fund Balances

Designated fund balances represent tentative plans for future use of financial resources.

J. TOTAL COLUMNS ON STATEMENTS

2. CASH AND CASH EQUIVALENTS

The Ward 2 Fire District maintains two checking accounts in Deposit Guaranty in Delhi, Louisiana. The account numbers are 0330566 and 0327573 and had a total balance at December 31, 1998 of \$8,622.27. The District also has two savings accounts with a balance of \$12,839.39. All accounts are insured by the FDIC in the amount of \$100,000.00.

3. INVESTMENTS

The Ward 2 Fire District purchased a \$12,000.00 Certificate of Deposit on November 11, 1998. The C.D. matures every six months. The certificate earned 4.210% for the first six months.

4. RECEIVABLES

The district has receivables only for the property assessment. This receivables are from uncollected property assessments. The district's board reviews these receivables each year and has liens filed on the property for assessments over two years old. The receivables totaled \$20,274.83 at December 31, 1998. On October 1, 1996 the citizens of West Carroll Parish past a 1/2% sales tax to pay for fire protection to go into effect January 1, 1997. This tax is to replace the assessment levied by the fire district. The collectability of the receivables will be very doubtfully.

5. RELATED PARTY TRANSACTIONS

There are no related party transactions to disclose as required by FASB 57.

All persons involved with the fire district serve on a voluntary basis.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were included on the listing on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

Management provided us with a copy of the original budget. There were no amendments to the budget during the year.

6. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues or expenditures exceed budgeted amounts by more than 5%

I compared the revenues and expenditures of the final budget to actual revenues and expenditures. The budgets for the general fund and the special revenue fund were within the 5% limit. Both budgets had a positive revenue amount when compared to the disbursements.

ACCOUNTING AND REPORTING

7. Randomly selected 6 disbursements made during the period under examination and:
(a) trace payments to supporting documentation as to proper amounts and payee:

I examined supporting documentation for each of the six selected disbursements and found that payments was for the proper amount and made to the correct payee.

I was not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the use of management of the Ward 2 Fire District and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
